THANKSGIVING.

Two weeks from this day is a day set apart for national thanksgiving, though a cheerful heart is thankful every day. It is a good thing, however, for the people to be periodically reminded of the fact that as a nation we have much to be thankful for, and whether we celebrate the day in the most simple manner or with enough turkey and stuffing to invite indigestion, let us mark it by a resolve to be better citizens than ever before. None of us too humble or obscure to exert a wholesome influence, day by day. If we do nothing more than greet our neighbor with a cheerful face and a kind word we shall shed a benediction over an entire community. Let us, therefore, give thanks not only upon one day of the year but every day of our lives.

The Best Pupils.

An experienced teacher says that pupils who have access to newspapers at home, when compared with those who do not, are better readers, better spellers, better grammarians, better punctuators, and read more understandingly, and obtain practical knowledge of geography in almost half the time it requires others. The newspaper is decidedly an important factor in modern life. This will not be disputed by any one who has taken the trouble to investigate the matter for himself.

Council Meeting.

At the council meeting Friday night Chief Police A. P. Johnson resigned and S. D. Rose was elected to fill out the vacancy till January 1, 1910. Mr. Rose, who was a member of the council had previously resigned that place and was succeeded by Everett Mofield. Other routine business was transacted.

To Build Bridge.

Representatives of Clark and Powell counties met at the Lulbegrund crossing Friday morning and decided to build the bridge provided satisfactory arrangements could be made for right of way. The span will have to be seventy feet long.

Foot Ball Fatalities.

In one issue of a big paper last week the account was given of one death and two serious accidents resulting from foot ball playing. Many of our Christian colleges encourage and maintain foot ball teams. Shame on them for encouraging such brutal practices.

Meeting Closes.

The Baptist meeting closed Friday night, after twelve days earnest preaching by Elder B. J. Davis, of Lexington. The membership is eager for a church to be organized in this city and this will likely be done in a short time.

J. F. Cox, late cashier of the Bowling Green National Bank, is in the city for a week's stay with old friends. His face looks very familiar in the Clay City National, and we would be delighted to keep him with us again.

Jas. G. Rogers has bought out the interest of his partner, Matt Conlee, in the saloon business and will continue the business alone. Mr. Conlee contemplates moving back to Irvine and engaging in business.

The L. & E. pay car rolled over the road yesterday and left the usual allowance in Clay City.

Mrs. J. H. Eaton visited her daughter, Mrs. J. C. Fitch in Lexington last week.

Ladies, Don't fail to see our new line of Tailored Suits.

Mrs. J. W. Williams.

Corn Show.

The corn show for the purpose of interesting the Kentucky farmer in securing a higher grade of seed corn will be held in Lexington on December 10, 11, and 12. Kentucky corn averages are six ounce ear to the hill, counting 10,556 hills to the acre, being just half the average yield of Illinois and Idaho, the two leading corn states in the Union. The soil in Kentucky is as good as that of either of these states, and the reason given for Kentucky's small average is the fact that an inferior quality of seed corn is planted. Much interest in the movement to improve the grade of corn is being manifested by the growers of Fayette county.

The Preacher and Politics.

Dr. E. L. Powell, of Louisville, in discussing the "Preacher and Politics" among other things says:

"The preacher is a citizen, a taxpayer, a voter and a politician when moral issues are at stake. He is as much concerned in education, sanitation and regulation as any other man. He has an equal right to make his voice and influence felt. But he should not waste his efforts on the details which properly belong to the practical politician. He must reserve himself for the crisis. Like the Jews of ancient times, he should look aloft and peculiar."

Death of Joe Bush.

Joe Bush died at his home on Hardwick's creek Saturday evening of consumption aged about sixty-five. Burial at the Well's grave yard Monday. Mr. Bush was in Clay City on the day of his death, and when he became ill rushed home, saying he wanted to die at his home.

Amendment Probably Lost.

The constitutional amendment is lost, it seems, and we must continue to have mud roads with no future hope for relief. Our neighboring counties that have already good turnpikes voted with us in our behalf, but in the western part of the State the vote was decisively against the measure.

The Hunting Season.

The hunting season opens next Monday the 15 and will remain open until the first of the year. The rabbit crop is said to be short this year on account of the measles which got among them early in the season and killed hundreds of them. Quail seems to be about as plentiful as usual.

Local Option Wins at Last.

The local option election contest has at last been decided and in favor of the dry side. The wets have appealed the case. This puts the county in the local option column, though saloons in Clay City will remain open until their licenses expire which will be in about one year.

Household Goods for Sale.

Having decided to move to Tennessee I now offer for sale privately all of my household goods at very low prices. Call and select what you need. T. N. RICH.

CHARTER EXPIRES.

The twenty year charter of that solid institution, the Clay City National Bank expires December 17th. The charter will at once be renewed and business continue as usual. The success of this bank has been remarkable. The first three years of its existence was very disastrous to the stockholders, and a heavy assessment had to be made to recover the losses. At this time Mr. J. F. Cox was elected Cashier and when he took hold of the institution the outlook was anything but bright. However, under his efficient management, backed up by good officers and splendid directors, the bank began to thrive and prosper, and after a time began to pay dividends and provide a surplus, until the bank now has a surplus of \$10,000 and has been paying 6% dividends for a number of years.

A few years ago Mr. Cox retired as cashier to accept a more remunerative position at Bowling Green. When he left it was said the bank would no longer prosper as it was impossible to get another man who could manage the business with such rare ability. Mr. A. T. Whitt was then elected cashier to succeed Mr. Cox. No one has been able to detect any difference, the bank has kept up its growth and prospered just the same and Mr. Whitt has endeared himself to the business man as was Mr. Cox when he left us. He has ever been equal to the occasion and from his cause no time has the bank ever suffered.

This bank has the record of having not lost in business \$100 in the past seventeen years. This shows how closely the business has been protected and at the

same time every meritorious accommodation rendered its customers possible. There is probably not another bank in Kentucky that can boast of such a safe guarded business career.

That such a prosperous record can be made from such a perverse beginning, seems a wonder. Now that these adversities in the beginning have been so decisively overcome by such unprecedented prosperity, what may we expect from this the favorable beginning, when the bank stock is selling at a handsome premium and with \$10,000 surplus? If the same per cent. of success can be made in the next twenty years as has been made in the past seventeen years, the stock will then be worth far more than \$300 per share. Only that we could have more of such successful institutions is other lines of business as the Clay City National Bank.

The Kentucky Republican seeks consolation in the fact that in Kentucky last week the Republicans elected one constable in Frankfort, and then loudly shouts: "Hallelujah!"

Notice to Taxpayers.

My term of office expires January 1, 1910. I am held responsible to the County and State for all tax that can be collected. This means I must collect or lose your tax, so all who have not paid by December 1st, the heavy penalties will be imposed by law and I will proceed to levy and sell till I collect the tax of the county in full. The law is imperative and I must be. Pay at once and save me the trouble and you the heavy expense of paying either the penalty or the cost of sale.

After Thoughts.

The election is now over and we can reflect at our leisure. The cause of our loss in the Judges race is evident. Every precinct in the county held up its Democratic vote reasonably well but Stanton where there were but a fraction over sixty votes cast for Daniel. The loyal sixty deserves much credit for their hearty support, but those who went off with the Republicans are justly already condemned and we think they will live to see their mistake.

However the election is over and The Times is going to abide by the will of the majority whether it is our man or the other fellow's, and we will take just as much interest in making Judge Hardwick's term of office a success for the county as we would have taken to have made Mr. Daniel's term a success had he been elected. All good citizens will do the same. We should all work to the upbuilding of the county, taking no thought for who is in office. Party prejudice is now laid aside and we from this week on go to work hand in hand with Judge Hardwick, 'Squire Wm. Davis, 'Squire W. T. Adams and 'Squire J. W. Allen for the upbuilding of Powell county regardless of petty politics and party aggrandizement.

Let every citizen of Powell county go to work to help the Fiscal court improve the financial condition of the county and at the same time get more bridges that we need, and get our roads in a passable condition the year round. All hands to the pump with a steady strong pull and we can do some things in this direction if the constitutional amendment did lose, and let's not wait until the first of the year to begin, for truly indeed is now always the accepted time.

Correct Speaking and Writing.

Young people should acquire

the habit of correct speaking and writing, and abandon as early as possible any use of slang words and phrases. The longer you put this off, the more difficult the acquirement of correct language will be; and if the golden age of youth, the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim will most probably be doomed to talk slang for life. You have merely to use the language which you read, instead of the slang you hear to form a taste in agreement with the speakers and poets in the country.

To Disfranchise Negro in South.

Senator Cullom, of Illinois, is out in an interview in favor of the elimination of the negro vote in the Southern States.

An amusing feature, however, is that the Senator believes that the negro should be allowed to vote in the Northern States. In the North the Senator thinks "the colored man uses his ballot with wisdom and fairness."

"We are satisfied with him," says the Senator, "but it is notorious that the South is not." The Senator says:

"Eliminate the negro from politics in the South—give that section of the country an exclusively white ballot or a franchise which shall mean absolute and unequivocal white supremacy in the management of its whole affairs and there's not a State below the Mason and Dixon's line which will not be found in the Republican column of the electoral college."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MRS. LOUISE LEWELLYN, Powell, S. D. When the disturbance which causes headache affects the nerves at the base of the brain, which connect with the large nerves that run to the stomach, heart and lungs, it frequently causes headache with vomiting—sick headache.

A few years ago Clark county had a bare Democratic majority of 100. In these few short years this majority has grown to nearly one thousand. During this time the first successful Republican paper has been running. A sensible Republican a short time ago said if this sheet continues a few years longer the Democratic majority will reach 10,000. The same may be said of Mercer county which this year gives a largely increased Democratic majority since the Kentucky Republican has been launched there. Their argument doesn't hold good when you compare it put in print with facts.

If you lose by following the other man's advice, he can always show you where you made a mistake at the critical point.

Once in a while the editor meets a man who can't see for the life of him why it is that the paper can't boost his private interest when that fellow doesn't spend five cents a year with the paper.

OAKLAND PIANOS
Our aim is the production of a popular, up-to-date, moderate price piano, possessing that quality of tone, worth, value and durability heretofore not found in pianos selling at comparative prices.
The officers of the Oakland Piano Co. are practical piano men whose life-long experience in the building and marketing of pianos is concentrated in the development of those essential quality features that attract the careful buyer.
Our aim is to build one style of case and one grade of piano, thereby increasing our output, reducing the cost of production to the minimum, and permitting us to offer quality and individuality in the "Oakland" piano, impossible to obtain in any other way.
The "Oakland" piano is the best equipped and most up-to-date piano in the world, having all the latest improvements.

In tone quality, in the scale, in the general construction throughout, the finish, style, workmanship—and in durability, we claim that "Oakland" piano has no equal in the price.

If your dealer doesn't have the "Oakland" piano, write direct to us for catalogue and Special Introductory price.

Women Suffer

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness, arising from deranged organs. It does more than relieve—if used persistently—many have written to say that it cured them.

TAKE CARDUI!
It Will Help You

J 37

Mrs. Maxwell Johnson, Tampa, Fla., writes: "Cardui cured me after doctors and everything else had failed. I had been suffering with numb spells ever since I was 16 years old. One day I decided to take Cardui. I have now taken 5 bottles and I can say that it has cured me. I advise all suffering women to give Cardui a long and fair trial."

Mrs. Johnson suffered years. Have you? Do you wish to? But why suffer at all? Take Cardui. Give it a fair trial.
